BANKER PARRISH AND JUDGE BOOE PAROLED

From Penitentiary Along With Three Other Convicted Criminals.

The Prison Commission at Frankfort last Thursday paroled Judge C. E. Booe, the former State Auditor's clerk, who robbed the State of something like \$40,000 by falsifying vouchers and indorsing fictitious names on the backs of treasurer's checks. He was sentenced to thirteen years and has served a little over three years.

It is said Judge Booe is much broken in health, but has been offered a position by a relative in another State and will go at once to his new home.

The Commission also paroled James H. Parrish, the Owensboro banker, serving a five-year sentence for receiving deposits after he knew the bank was insolvent. He has served three years.

Price Stewart, of Franklin county, was paroled. He had served five years of an eleven-year sentence for murder. He killed James Danley.

Joe Kennedy, a Louisville negro, who has served two years of a three-year sentence for receiving stolen property, also was paroled.

The proof in the case was that Kennedy's wife had taken a sum of money from some man's pocket and Kennedy was accused of having received the money from his wife. Kennedy says he never got the money, for if he had received it, he would have had enough money to have been acquitted.

The commission on the same day paroled Hiram Smedley, former County Clerk of McCracken county, who had served two years of a five-year sentence for uttering a forgery in connection with his accounts with the State. Smedley was sent to the asylum for several months, but was pronounced cured and taken to the Eddyville prison. He will not be released till May 10, which ends his two-year service.

JACK JOHNSON MEETS UNCLE SAM'S BIG KIST

Chicago, April 6.—Jack Johnson, world's champion pugilist, will be prosecuted by the United States Government for smuggling unless \$9,000 is paid as a penalty for secretly bringing a diamond necklace into the United States from Europe without paying customs duty. The Treasury Department charges that he smuggled a diamond necklace, valued at \$6,000, into this country when he returned from the coronation of King George in London.

Johnson appeared at the Federal Building and called at the United States District Attorney's office to-day to prevent prosecution. He had a consultation with Assistant United States District Attorney Lawrence Jacobs. The pugilist was informed that the only way the matter can be settled is by the prompt payment of \$9,000 as a penalty.

The penalty imposed by the Treasury Department is the payment of the value of the article and 60 per cent additional.

The necklace contained 60 diamonds. It was worn by Johnson's white wife. Agents of the Treasury Department called at the Johnson home, 3344 South Wabash avenue, at midnight several weeks ago and confiscated the jewelry.

Johnson at the time denied that Government agents had raided his home.

The Johnson family declares that the department was apprised of the matter by members of his own race, who were jealous of his white wife. Johnson's wife wore the necklace a few weeks after their return from Europe.

Every family that has children is liable to have croup; invariably at night. If BALLARD'S HOREHOUND SYRUP is kept in the house, it goes going after the medicine at an inconvenient time and checks the attack promptly. Price 25c, 50c and \$1.00 per bottle. Sold by Hartford Drug Co., Hartford, Ky., Donovan & Co., Beaver Dam, Ky.

INFORMATION AS TO HOW TO SUPPRESS FLIES

Dr. Leland O. Howard, chief entomologist of the Department of Agriculture, says that a common house-fly which comes out of hibernation on April 15, will have 120 adult descendants by April 30. By September 10, there will have produced, as descendants, more than five thousand billions.

All summer long this swarming host will be diligently distributing the germs of all manner of diseases. If all the mother flies could be suppressed, and their potentiality of progeny destroyed, the death rate, the doctors' incomes, and the undertakers' profits would simultaneously decline.

And to a marvelous extent they can be suppressed, too. Dr. Howard tells how, in Farmer's Bulletin, No. 459. A postal card addressed to the Department of Agriculture, Washington, D. C., will bring the bulletin by return mail.

KICKED HIS DOG AROUND—HE KILLED PLAYMATE

Savannah, Ga., April 6.—Sam Simms, an orphan, 10 years old, killed Thomas J. Griffin, aged 11, when the latter kicked his dog around and drew a knife. The Simms boy is under arrest on a murder charge.

The boy was devoted to the dog struck by Griffin. "I told him if he kicked my dog again I would hit him," said Simms. "He kicked at the dog again, and I struck him. He drew a knife on him. He started at me, and I caught his wrist and twisted the knife out of his hands, and when he came at me again, I pushed at him with the knife."

"I did not mean to bother him, but he kicked my dog."

T. WADE STRATTON SUES OWENSBORO INQUIRER

Suit has been filed in Circuit Clerk Barras' office by Attorney's Heavrin & Woodward and Otto C. Martin, for their client T. Wade Stratton, of Cromwell, Ky., against the Owensboro Inquirer for \$10,000 for alleged libel.

Several weeks ago Mr. Stratton, who is a prominent business man and postmaster of Cromwell, was in Evansville, Ind., on business, and as he was arriving in the city, two detectives walked up to him and placed him under arrest, claiming that Mr. Stratton was wanted at Leitchfield, Ky., upon paternity charges. The officers asked him if

he did not go by the name of Newman Durbin, to which Stratton replied that he did not know it if he did, and that there must be some mistake about the arrest. The officers said they were sure they had the right man, but it was soon found that they had made a mistake, and had arrested the wrong man, for one of Mr. Stratton's acquaintances came along and identified him.

It is said by Mr. Stratton that the Inquirer published a story of this arrest, claiming he was really the man wanted, and on account of this he was damaged a great deal. The case will probably be tried at the June term of the Ohio Circuit Court.

There was no one home except her and her mother and she did great work in trying to save the household goods. She got out four feather beds and several rockers, also the wardrobe. She took the top off the organ and drew it to the door when the flames got so near she had to leave it there to burn. had to leave it there to burn. They had a small insurance.

ARE DRILLING AGAIN NEAR FIRST OIL WELL

Burkesville, Ky., April 5.—Ohio capitalists, who are drilling for oil in this county, will begin drilling a new well on the Owensley farm, which lies here in town. This farm is near the famous old American well, said to be one of the first wells ever drilled.

This well was drilled in 1824, while some parties were drilling for salt water, and it for years not only had the reputation of being the first well ever drilled in the world, but one of the finest producers. The Best Guarantee.

The fact that every student who has completed the combined course of the Bowling Green Business University in the last ten years has gone immediately from school to a good position, is the best guarantee that its students will have employment as soon as they qualify themselves for it. We are little concerned to know what a school says it will do, but we are deeply interested to know what it HAS done.
